(P.N. No. 95—9-7-51.)

Press Note.

It is hereby notified for the information of the public that in view of the acute scarcity of gunny bags for the packing of cement, in the State, it is found very difficult by the Mysore Iron and Steel Works, Bhadravathi, to ensure regular supplies of cement to all the places in the State and if the supplies from the factory have to be maintained uninterruptedly, the return of empty gunny bags by buyers to the maximum extent possible is quite necessary. The Bhadravathi Works are prepared to give a reasonable price of Rs. 50 to Rs. 60 per 100 bags, for the present, depending on the condition and serviceability of the gunny bags.

The public are, therefore, requested to co-operate with the cement manufacturers and to return all the available empty cement gunny bags with them to the licensed cement stockists within their jurisdiction who will pay a reasonable price for the same and make the situation easy, so that the supply of cement from the Bhadravathi Works to the consuming centres may not suffer for want of gunny bags.

Press Note.

GROW MORE FOOD.

Fortnight ended 15th June 1951.

Weather Conditions.—Fairly wide-spread rainfall continued during this fortnight also and some tanks in Hassan, Bangalore, Kolar and Tumkur Districts received sufficient water. The Agricultural operations preparatory to cultivation are in progress. The standing crops of summer paddy and kar ragi in Bangalore District are in good conditions. Due to excess rainfall, the potato crop sown in the Taluks of Chikmagalur, Hassan and Belur has suffered considerably. Giddaragi is coming up well in Hassan District and the same is being sown in Challakere Taluk. Monsoon sowing of paddy has been taken up in the Districts of Shimoga and Chikmagalur. The seasonal conditions in general are favourable.

I. Work Schemes.

(*a*) *Irrigation Works*—1. *Sinking of new Wells.*—Two irrigation wells were completed during the fortnight ending 31st May 1951 in Kolar District. During April 1951, 20 wells were completed bringing the total number to 597 during the year.

2. *Repairs to old wells.*—During the month of April 1951 as many as 14 old wells were repaired bringing the total number of wells repaired to 90. The Deputy Commissioners have been requested to furnish fortnightly figures of old wells repaired in their future reports.

(*b*) *Construction of new Major Irrigation Works.*—Out of the 15 big works which were under execution, two works in Bangalore Division, *viz.*, Kanva Reservoir balance works and Nelligudda Tank Works are stated to have been completed and the question of payment of land compensation was taken up with the Deputy Commissioner, Bangalore District. The progress in respect of the following works is as follows :—

Opening of Nugu Left Bank Channel from Hunsur Anicut (Nugu Reservoir Division, Birwal).—The excavation in the 10th mile is in brisk progress. Arrangements have been made to get 400 acres of additional lands under cultivation and water has been allowed in the channel on 27th May 1951 to irrigate the total extent of 850 acres during this monsoon. Outlay incurred on this work during April 1951 is Rs. 8,349.

Parasurampur Tank (Chitaldrug Division).—This work is in rapid progress and an outlay of Rs. 2,207 has been incurred during the fortnight ending 31st May 1951.

Irkasandra Tank (Tumkur Division).—Excavation of the Right and Left Bank Channels and waste-weir works are under progress. An outlay of Rs. 14,100 has been incurred on this work during April 1951.

Hennamachanahalli Tank (Tumkur Division).—Turfing to rear slopes and contour channel is in progress. Seven hundred and twenty-five acres are under cultivation. An outlay of Rs. 980 has been incurred on this work during April 1951.

Opening out Right Bank Channel from Marconahalli Reservoir.—Contour channel in the 5th mile and *madaboy* works are in progress. An outlay of Rs. 682 has been incurred on this work during April 1951.

The other works under this category are in several stages of progress.

(*c*) *Repairs to old Tanks.*—Action is being taken by the Executive Engineers to hasten up these works and bring them to completion as per programme chalked out for the year. About 356 works (miscellaneous) of small magnitude are in progress in Tumkur and Kolar Divisions.

(*d*) *Desilting of Tanks.*—The desilting work by bull-dozers has been allowed down since most of the tanks in which this work was proposed have received water during recent rains. The preparation of projects is however in progress. Eighty-four tanks are being desilted by manual labour in Kolar District.

(*e*) *Installation of Parsian Wheels, Rahats, Electric Pumps and Diesel Oil Engine Pump sets* :—Two more Government owned tractors have been issued to raiyats on hire purchase system bringing the total number issued to 19. There were no supplies of Diesel Oil Engine pumpsets to raiyats during the above period though many applications are under investigation in the Taluks. The Electrical Department has drawn power lines to an extent of 3 miles during the month of April 1951.

(*f*) *Construction and Improvement of Dams and Channels.*—All the works under this category in Malavally Division are in several stages of progress. Under Haluhalla pick-up channel, a fresh atchkat of 75 acres has been developed under the Right and Left Bank Channels. The work in Lakshmanapur Channel is practically complete and there is good flow of water in the channel. The improvements to masonry works of Lakshmanapur Channel are also practically complete. In Hassan Division the ten River Channel works are nearing completion. An outlay of Rs. 1,109 has been incurred under this item in Hassan Division during the fortnight ending 31st May 1951. The works connected with the Sulekere Tank and Channels are in rapid progress. The excavation work of the Left Bank Channel from Bhadra Anicut is in full swing in the first two miles where heavy cutting is involved. A labour strength of 700 to 800 is engaged on this work. An outlay of Rs. 4,890 has been incurred on the Vani Vilas Sagar and Channel Works in Chitaldrug Division during this period. The tank and feeder channel works in the other divisions are in rapid progress.

(*g*) *Other Irrigation Works.*—Under land improvement schemes, one work is completed and the other 5 are in different stages of progress. One work in Tumkur Division is also in progress.
